\$500,000 Each.

The Y. M. C. A. War Fund struck a pace of \$5,000,000 a day yesterday and ran up a total for the nation of \$11,500,000 to show for two days of campaigning, according to announcement from headquarters at 124 East Twenty-eighth street last night.

The total for the Eastern department, in which New York is included, reached \$4,151,561, but was surpassed by Chicago and the outlying districts of the central department, which claimed a total of \$4,952,682. A telegram was sent to the campaign headquarters in various parts of the country last night by A. H. Whitford to the effect that while a satisfactory beginning had been made efforts must continue unreleaxed to make the campaign a success.

Two notable gifts announced in this city were made by Cleveland H. Dodge and by Arthur Curtiss James, each of \$500,000. Mr. Dodge, speaking at the Bankers Club, where his contribution was made public, said that the work of the Y. M. C. A. in the war is so important that "people must cut into their principal to support the work." "We cannot hide behind increased taxes and fail to give," he continued. Mr. Dodge gave \$1,000,000 to the Red Cross fund last June.

Donations by Corporations

Elbert H. Gary and a number of prominent corporation officials who attended the meeting at the Bankers Club appealed to corporations throughout the nation to aid the fund. Mr. Gary announced the following contributions: Standard Oil Company of New York, \$100,000; Standard Oil Company of Indiana, \$50,000; American Sugar Refining Company, \$50,000; P. Lorillard & Co., \$10,000; American Smelting and Refining Company, \$100,000; General Electric Company, \$75,000; L. W. Hise Company, \$5,000; Railway Steel Spring Company, \$20,000; The Guarantee and Trust Company, \$10,000; Cuban American Sugar Company, \$25,000; W. & J. Steane, \$10,000; Home Insurance Company, \$10,000; Home & Land Co., \$5,000. Total, \$525,000.

Arthur Curtiss James accompanied his gift with a statement in which he acknowledged the usefulness of the Y. M. C. A. in war service. "The Y. M. C. A. has proven itself and is proving itself to be the most efficient and practical organization of men in maintaining the morale and taking care of the bodies, minds and souls of the soldiers at the front and in reserve. If this was to be won it must be won by maintaining the morale not only of our own army in the field, but of the armies of our Allies."

Dr. John R. Mott, general secretary of the YMCA, yesterday sent a letter to the campaign headquarters here urging every effort be made to reach the \$5,000,000 goal set.

Standing of Departments.

The official report up to last night for the country follows:

Central Department (headquarters, Chicago)	\$1,023,000
Eastern Department (headquarters, New York)	4,151,561
Northwestern Department (headquarters, Boston)	1,266,250
Western Department (headquarters, San Francisco)	45,000
Southeastern Department (headquarters, Dallas)	20,000
Southern Department (headquarters, Atlanta)	20,000

Reports received from cities showed that this time is the second highest. Cleveland announced her allotment of \$1,000,000 was passed and already shows an excess of \$27,391. Chicago reported \$81,000, Boston \$214,775 and Baltimore \$73,153. Montclair, N. J., announced \$173,000 for the fund at noon.

Secretary of State Lansing took occasion to send a letter to Dr. John R. Mott yesterday in which he said:

"I have seen with increasing admiration the excellent work already done by you among millions of prisoners." He wrote. "I am convinced that in this splendid ministry you are laying down foundations which will render more easy the rebuilding of the international structure which is shattered by this dreadful conflict."

"DON'T WASTE" HITS GARBAGE

40,000,000 Pounds Less Sent to Dumps in Six Months.

The "Don't Waste" slogan of the food conservation campaign is having a decided influence upon Father Knecker's garbage can.

During the first six months of this year 384,000,000 pounds of garbage was collected in Manhattan, Brooklyn and the Bronx, compared with 375,000,000 pounds in the corresponding period in 1916. This is a decrease of 40,000,000 pounds, or over 9 per cent.

Statisticians have figured out that the per capita change in daily reduction of trash from almost half a pound to 44-100 of a pound, representing a total saving of 36,000 pounds, or \$8,000,000 pounds, or 20,000 tons.

CHANGES IN P. R. R.

Walker Thayer Made General Coal Freight Agent.

PHILADELPHIA, Nov. 14.—Walter Thayer of Philadelphia was today named by the directors of the Pennsylvania Railroad as general coal freight agent to succeed the late Robert H. Large. Other changes in the freight traffic department of the company were as follows:

J. H. Large, assistant general freight agent, will succeed Mr. Thayer as general freight agent; Walter S. Franklin, Jr., division freight agent at Baltimore will succeed John B. Large; S. T. Stagpole of Baltimore, will succeed Mr. Franklin.

George A. Allen of Philadelphia, was appointed assistant to the President of the company with control of the accounting system.

PRINT PAPER OUTPUT HIGHER.

WASHINGTON, Nov. 14.—Production of print paper in the United States during the first ten months of 1917 is shown by statistics made public today by the Federal Trade Commission to have been 1,054,391 tons, as compared with 1,057,247 tons in the corresponding period last year.

Print paper paid during October for new print paper averaged \$2.90 to \$2.25.
